Help for Today, Hope for Tomorrow

I vividly remember a single mother coming to us who had spiraled into a deep depression when she lost her son and was desperately searching for help. She needed food and rent assistance, but more than that she needed unconditional love to restore hope for a better future. Since 1982, Crossroads has been a place people have found “Help for Today, Hope for Tomorrow”.

I would like to share some exciting news with you! As you may know for the last two decades we have done our best to operate out of a house that was remodeled to fit our needs, but for many years we have wanted to move into a bigger building.

In November of 2018, Mark & Melissa Westover and Rick and Susan Allnutt approached our board about purchasing our property and helping us relocate to a newer building. We had no idea what this looked like, but felt good about exploring our options. Within a short time, we came to an agreement that we would transition into a building owned by the Westovers that would give us more usable space, room to expand

programming, and best of all we could do most of it without incurring any debt.

Within the next 12 months we will transition into a new place that is being designed to help us foster relationships with multiple nonprofits as a way of maximizing each of our strengths in helping people succeed in living a self-sufficient life to the best of their ability.

On behalf of our neighbors who utilize our services, we would like to ask you to consider purchasing an item from our wish list as a house warming gift. When you give, you are helping feed a hungry person, educate a job seeker, sustain housing for children, deliver meals to the elderly, and make sure everyONE in the Estes Valley never goes without the basic necessities of life. Will you be the ONE to become a financial partner in this memorable transition for Crossroads?!
